

AGILITY EQUIPMENT TUNNELS

15 Foot Tunnels

1 yellow with black ribs \$75

2 light blue \$50

These have holes where the dogs have run. They can be used if turned so the holes are not under the dog's feet

Galican tunnel \$75

This tunnel is fairly new. The wires on the outside are coming through the vinyl ribbing. The wires do not poke through to the inside and would be safe to use.

One hanging in the building in a tunnel leash \$30

This one has been in a tunnel leash for many years. I do not know what shape it is in. It may have been used when people set courses to play with at the land while we were moving to Northcutt. If not, the last time it was used was at the Champions Center for a trial. It will at least need an good cleaning.

20 Foot Tunnels

One is hanging in the building. It is in the same unknown shape as the 15 footer sited above\$30

Tunnel Bags:

2 pairs with hook and smooth Velcro, filled \$10 each

2 pairs in bin, hook & smooth Velcro, unfulfilled....\$10 each

Several filled and unfilled that do not match...\$5 each

Several flat sandbags that may be rather gross. They are in a bin and are filled...\$5 for bin or \$1 each
