Agility report

- 1. We had a run through in March and April. We usually have between 25 or 30 dogs at the run throughs. We have no others scheduled at this time, but may start again in September if there are open dates on our calendar.**
- 2. We have ordered a new broad jump. The one we have been using is not the correct width and is metal. The one we have purchased is foam so will be easier to carry for the humans and safer for the dogs.**
- 3. We just completed a successful weekend of AKC agility. Our next trial is May 31 and June 1.**
- 4. The white board has been updated for May. If anyone has things to add, let me know and I will add them. There is also a new class listing for session 3 on the bulletin board.**

GCDQC Director of Agility

Member Meeting - BUILDING MAINTENANCE REPORT: MAY 01, 2025

- 1) The front room lights Project. Rachel Corbett is scheduled to do the work on May 16, 17, 18. A lift will be delivered on Friday and picked up on Monday. The (4) sheets of plywood to protect the floor are out at the Land and I will transport them a few days before and then returned early the next week. While I have a pickup, I will need help loading and unloading. Any volunteers on M, T, W depending on weather? (Take names, please if any____)
- 2) Completed and submitted a Regulated Substance Activity Inventory Report (RSAIR) for the Land that was required by the City of Dayton Source Water Protection program. This limits total containers for gas, diesel and herbicide to 20 gallons max capacity.
- 3) Land maintenance update:
 - a) The pedestrian door and frame on the Lenehan building. The two quotes proposed two different means to reduce the chance of break-ins. This required several calls. Close to placing the contract this week.
 - b) A truck load of gravel was delivered and spread on the driveway with the bobcat.
